

Proverbs 21:30

Spiritual eyes

There is no wisdom and no understanding and no counsel against the Lord.

I want to take our earthly eyes and close them for a moment so that our spiritual eyes may have opportunity to see without distraction.

As we read through all of King Solomon's writings with the understanding that God gave him a wisdom beyond that of any man, we see that he is constantly condensing what he knows into as few words as possible. He repeatedly tells us that he is continually taking every road to its end so that he might know where it leads thus making these words very profound. All of the wisdom he had came down to this ultimate truth that there is nothing that holds up against the Lord.

Truly there are only two choices before every man, woman, and child on this earth. Either to follow after our Heavenly Father or continue to be slaves of the devil. The devil and his minions control every other path no matter how subtle he tries to be about that fact.

See the Son of God sitting in the midst of the devil's camp with no fear of him and speaking out the truth day and night. Admire His boldness, strength, gentleness, and mercy as you read through the Gospels. See the devil going crazy because here is someone he can neither bribe nor intimidate from speaking out boldly. This is our God! - No wisdom or earthly counsel can stand against Him. He triumphs over all!

This is the One whom we want to be like! This is the One we admire and highly esteem! This is the One who turned the cross into the greatest victory the universe has ever known! One God - against all the hordes of the devil. One victory that triumphs for all time and whose badge of honor is pierced hands and feet. This is our God! No one else is like Him in all the heavens and earth!

Do we see Him now?! Our spiritual eyes are nearly blinded by His light and glory! Our God reigns and is coming back soon! Oh let us open our eyes and be ready for His return! Hallelujah!
